Yesterday afternoon, Thursday May 18, a great moment of fear was experienced by workers of the Port of Abidjan (PAA). Indeed, according to information published by a member of Police rescue, an accident occurred on the quay of Vridi and could have been even more serious.

"Just under our noses, at 14h, has just happened an accident at the port of Abidjan in Vridi," he said explaining that "one of the cranes (unloader) of the containers almost fell, a serious accident of which we do not know the cause. "

"At the moment, we do not know if there has been any loss of life but the containers are damaged. This crane is just behind our direction. We all pray that there is no human loss, "the post writer said.
